

Mitsubishi Eclipse Cross , 2021

Mitsubishi Eclipse Cross P - 05/2021

Exterior:

The 2021 **Mitsubishi Eclipse Cross PHEV P** combines modern and dynamic design, featuring expressive body lines and a distinctive front grille. Its compact size and elevated ground clearance make it ideal for urban driving and light off-road adventures.

Performance and Efficiency:

Powered by a **2.4L MIVEC gasoline engine** producing **98 hp (72 kW)**, and two electric motors: **82 hp (60 kW)** at the front and **95 hp (70 kW)** at the rear, the total system output is **188 hp (138 kW)**. The vehicle is equipped with the **S-AWC all-wheel drive system** and a **continuously variable transmission (CVT)**. Thanks to its **13.8 kWh lithium-ion battery**, the vehicle can drive up to **45 km** on electric power alone (WLTP cycle). The average fuel consumption is **1.8 L/100 km**.

Interior and Features:

Inside, the Eclipse Cross PHEV P offers a spacious and comfortable cabin with high-quality materials. It is equipped with an **8-inch multimedia system** that supports **Apple CarPlay** and **Android Auto** for easy smartphone integration. Additional features include **climate control**, **cruise control**, **heated front seats**, **rearview camera**, and **keyless entry and start**, providing convenience and comfort for both the driver and passengers.

Technology and Safety:

The Eclipse Cross PHEV P is equipped with modern safety systems such as **Adaptive Cruise Control (ACC)**, **Forward Collision Mitigation (FCM)**, **Lane Departure Warning (LDW)**, **Blind Spot Warning (BSW)**, and **Rear Cross Traffic Alert (RCTA)**. These technologies help enhance safety and provide confidence on the road.
