

Mitsubishi Outlander , 2023

Mitsubishi Outlander PHEV 2.4 Black Edition 4WD - 03/2023

General Overview

This vehicle is a modern crossover equipped with a **plug-in hybrid system**. The body is finished in **Silver Metallic**, giving the car a solid and elegant appearance.

Performance and Hybrid Efficiency

The car is powered by a **2.4-liter gasoline engine** paired with two electric motors. The combined system output reaches **248 horsepower** and **450 Nm of torque**, delivering confident dynamics along with impressive efficiency. The **4WD** system works in conjunction with Mitsubishi's signature **S-AWC** technology, ensuring excellent traction and stability on all types of roads.

Interior and Features

The cabin accommodates five passengers and is designed in a practical yet comfortable style. Equipment includes a **built-in navigation system**, a **360-degree camera**, **paddle shifters**, and **LED headlights**, making every journey modern and convenient.

Technology and Safety

The vehicle comes with advanced driver-assistance systems such as **adaptive cruise control**, **collision mitigation system**, and **lane departure warning**. The **Plug-in Hybrid** system allows charging from an external power source, while intelligent electronics distribute power between the engine and electric motors for optimal efficiency.
