

Mitsuoka Rockstar , 2021

Mitsuoka Rock Star 1.5 S Special Package - 02/2021

General Overview

The **Mitsuoka Rock Star** is a rare and eye-catching Japanese sports car, built on the **Mazda MX-5 (ND5RC)** platform but redesigned with styling inspired by the legendary **Chevrolet Corvette C2**. This example, produced in **02/2021**, is finished in the striking **Los Angeles Blue** color and configured in the **S Special Package** with limited-edition detailing. With only **200 units** of this specification, it is a truly unique and collectible model.

Performance and Driving Experience

Powered by a **1.5-liter SKYACTIV-G engine** delivering **132 horsepower** and **152 Nm of torque**, paired with a **6-speed automatic transmission (FAT)**, the Rock Star offers responsive acceleration and smooth driving. Thanks to its **rear-wheel drive (RWD)** layout and lightweight design, it delivers an engaging and agile sports car experience while retaining the reliability and efficiency of its Mazda base.

Interior and Features

The cabin is configured for **two passengers**, finished in a **black interior theme** that blends sportiness with practicality. The Special Package includes **15-inch vintage-style wheels and tires**, a **manual soft-top roof**, **LED headlights with fog lights**, and body-colored exterior mirrors. Together, these features highlight the retro-American look while keeping modern usability.

Technology and Safety

The Rock Star includes convenience features such as **air conditioning**, and modern safety elements including **ABS, stability control, and airbags**. While its main appeal is the nostalgic design and pure driving dynamics, it still provides everyday comfort and safety for regular use.
