

Nissan Serena , 2022

Nissan Serena XV - 07/2022

General Overview:

The 2022 Nissan Serena XV is a spacious and family-friendly minivan equipped with a **petrol-hybrid powertrain**, making it ideal for both daily commuting and long-distance travel. With its tall profile, roomy interior, and practical design, the Serena is built to deliver comfort, versatility, and fuel efficiency in one cohesive package.

Performance and Efficiency:

Under the hood, the Serena XV features a **2.0-liter petrol engine** paired with an electric motor as part of Nissan's hybrid (e-POWER) system. This setup offers smooth and quiet acceleration, excellent responsiveness, and improved fuel economy—especially in stop-and-go city traffic. It's coupled with a CVT (continuously variable transmission) and a front-wheel-drive layout, ensuring easy, confident handling.

Interior and Features:

Inside, the Serena offers flexible seating for up to eight passengers. Dual **power sliding doors** on both sides allow for effortless entry and exit, even in tight parking spaces. The seats are designed for maximum comfort and can be reconfigured to expand cargo capacity. Key features include automatic climate control, a rearview camera, an infotainment system, and smart key access with push-button start.

Safety and Assistance Systems:

Safety comes standard with systems like **anti-lock braking (ABS)**, **airbags**, **electronic stability control**, and **hill-start assist**. Depending on the configuration, the Serena may also be equipped with advanced driver assistance features such as lane departure warning and forward collision mitigation, enhancing peace of mind for both driver and passengers.

Exterior Design:

Finished in a sleek **silver color**, the Serena showcases a modern and clean design with a high roofline, large windows, and practical sliding doors. The stylish front fascia and balanced proportions give it a refined yet approachable presence on the road, ideal for families seeking both form and function.
