

Nissan Leaf , 2021

Nissan Leaf NISMO - 02/2021

General Overview

The **Nissan Leaf NISMO** takes the world's best-selling EV and infuses it with motorsport-inspired styling and performance upgrades. Produced in **02/2021**, this model is finished in **Black**, giving it a bold and aggressive presence. As a NISMO edition, it delivers a more dynamic character while maintaining the practicality and eco-friendly credentials of the Leaf.

Performance and Driving Dynamics

Equipped with an electric motor producing **150 horsepower (110 kW)** and **320 Nm of torque**, the Leaf NISMO offers instant throttle response and smooth acceleration. Enhanced by **sport-tuned suspension, ABS, traction and stability systems, and multiple drive assists**, it provides sharper handling compared to the standard Leaf. Safety features such as **collision mitigation braking, obstacle detection, and anti-skid systems** ensure confidence and control in every driving scenario.

Interior and Comfort

Inside, the NISMO edition balances sportiness with everyday usability. The cabin includes **leather-trimmed seating, power windows, Smart Key system, push-button start, and multifunction steering wheel**. Special NISMO interior touches highlight its unique identity while ensuring comfort for both driver and passengers.

Technology and Safety

Advanced safety and convenience systems include **multiple airbags, rearview camera, anti-theft devices, automatic high beam, and blind spot monitoring**. The Leaf NISMO integrates intelligent driver assistance technologies to provide both security and ease of driving, making it suitable for city commuting as well as longer journeys.
