

Nissan Leaf , 2021

Nissan Leaf XV Selection - 02/2021

General Overview

The **Nissan Leaf XV Selection** is a modern electric hatchback that combines sustainability, innovation, and everyday practicality. Produced in **02/2021**, this example comes in **White**. It stands out with its dynamic design and reliable construction, offering a perfect balance of technology and comfort.

Performance and Driving Dynamics

The Leaf is powered by an electric motor delivering **150 horsepower (110 kW)** and **320 Nm of torque**, providing instant response and smooth acceleration. Features such as **adaptive cruise control, stability systems, traction control, automatic high beam, and all-around cameras** ensure safety and confidence in all driving conditions.

Interior and Comfort

The cabin combines **high-quality materials with thoughtful ergonomics**. Equipment includes **leather seats, power windows, Smart Key, push-button start, and a multifunction steering wheel**. The interior is designed to maximize comfort for both driver and passengers.

Technology and Safety

The Leaf is equipped with advanced safety systems, including **multiple airbags, collision mitigation braking, blind spot monitoring, obstacle detection, traction control, and 360-degree cameras**. Additional features such as **anti-theft devices and electronic stability assists** provide a high level of protection and peace of mind on every journey.
