

Porsche Macan , 2025

Porsche Macan Electric Macan 4 - 02/2025

General Overview:

The **2025 Porsche Macan 4 Electric** is Porsche's bold new chapter in the world of performance electric SUVs. Finished in striking **D Green** and enhanced with the **Leather Interior Package**, this all-electric variant of the iconic Macan lineup combines Porsche's unmistakable driving dynamics with next-generation electric mobility. Built on the new PPE (Premium Platform Electric), the Macan 4 offers style, precision, and efficiency in equal measure.

Performance and Driving Dynamics:

The Macan 4 is powered by a dual-motor **all-wheel-drive** electric system producing **382 horsepower** and delivering instant torque for responsive acceleration. Thanks to its **800V architecture**, the Macan supports ultra-fast **DC charging up to 270 kW**, allowing a 10% to 80% charge in just over 20 minutes. Porsche's adaptive air suspension and **PASM (Porsche Active Suspension Management)** provide dynamic handling and ride comfort, whether in the city or on winding roads.

Interior and Features:

Inside, the Macan 4 features a refined cabin wrapped in the **Leather Package**, offering a luxurious tactile feel. A curved 12.6-inch digital instrument cluster sits behind the wheel, accompanied by a central infotainment display and optional passenger-side screen. The system integrates navigation, smartphone connectivity (Apple CarPlay/Android Auto), and intelligent voice control. Ambient lighting and minimalist design elements create a modern and driver-focused environment.

Exterior Design:

This version of the Macan 4 stands out with its deep **D Green** paint and aggressive **22-inch RS Spyder Design alloy wheels**, giving it a commanding presence. A sloped coupe-style roofline and flush door handles enhance aerodynamics and style, while the rear LED light strip emphasizes Porsche's new electric design language.

Safety and Assistance Systems:

Standard and optional driver aids include adaptive cruise control, lane keeping assist, surround-view cameras, front and rear ParkAssist, and automatic emergency braking. These systems deliver both peace of mind and convenience during every drive, making the Macan 4 an ideal companion for everyday life and long journeys.
