

Porsche 911 , 2024

Porsche 911 2024

Safety Equipment: The vehicle is equipped with **front and side airbags, pedestrian protection measures, and a seat belt warning system** for all occupants. **Lane Change Assist** enhances safety by monitoring blind spots and providing warnings when changing lanes. The **front axle lift system** helps prevent damage when navigating steep inclines or speed bumps. The **tinted LED main headlights with Matrix Beam, including Porsche Dynamic Light System Plus (PDLS Plus)**, provide superior illumination and adaptive lighting for enhanced visibility in different driving conditions.

Comfort Equipment: The **Adaptive Sports Seats Plus with 18-way electric adjustment and a memory package** provide maximum comfort and support for both the driver and passenger. **Comfort Access** allows for keyless entry and operation, making access to the vehicle effortless. The **heated GT Sport steering wheel wrapped in leather** ensures additional comfort during colder conditions. The **BOSE® Surround Sound System** delivers a premium audio experience, while the **Light Design Package** enhances ambient illumination throughout the cabin.

Interior: The cabin is finished in a **multicolor full leather interior**, with premium materials providing a luxurious feel. The **Leather Package 930** enhances the interior's elegance. Additional refinements include **brushed aluminum door sill guards in dark silver, an aluminum PDK gear selector, and the Porsche Crest embossed on the headrests**. The **Sport Chrono Package** features a **Porsche Design Subsecond Clock**, adding a sporty yet refined touch.

Exterior: The **Agate Grey metallic exterior** gives the car a sophisticated and dynamic appearance. The **20-/21-inch Turbo wheels** further emphasize the car's aggressive stance. The **SportDesign Package painted in high-gloss black** enhances aerodynamics and visual appeal. The **brake calipers are painted in high-gloss black**, adding a refined contrast. The **Exclusive Design Taillights** and **decorative Porsche side logo in silver** provide a distinctive and elegant finish. The **Exclusive Design fuel filler cap** adds a subtle touch of exclusivity. The **electrically folding exterior mirrors and lower mirror trims painted in high-gloss black** contribute to the streamlined design.

Performance: The **sports exhaust system with black tailpipes** enhances the engine's aggressive sound profile. The **Sport Chrono Package** provides dynamic

driving modes for optimized performance, while the **front axle lift system** ensures smooth navigation over challenging road surfaces.

Technology and Multimedia: The vehicle is equipped with **Porsche's latest infotainment system, including the BOSE® Surround Sound System** for an immersive audio experience. The **Porsche LED courtesy lights with the 'PORSCHE' logo projection** enhance the premium feel. Additional tech features include **adaptive driving modes, intelligent lighting with PDLS Plus, and advanced vehicle diagnostics.**

Driver Assistance Systems: The **Lane Change Assist system, Matrix LED headlights with PDLS Plus, and the front axle lift system** improve overall driving safety and convenience.
