Porsche 911 Dakar - 10/2023

Safety and Assistance Systems:

The 911 Dakar offers a range of advanced safety technologies, including Porsche Stability Management (PSM) with extended brake functions, Porsche Side Impact Protection (POSIP), Porsche Traction Management (PTM), and Torque Vectoring Plus (PTV Plus). The car also features Porsche Dynamic Chassis Control (PDCC), Pedestrian Protection with Warn and Brake Assist, an electric parking brake, cruise control, and a surround-view ParkAssist system for all-around awareness in any environment.

Performance and Handling:

Equipped with Porsche's Sport Chrono Package and rear-axle steering, the Dakar delivers a highly responsive and agile driving experience on any terrain. Key mechanical components include a McPherson front axle with an anti-roll bar, expansion intake manifold, thermal engine management, and VarioCam Plus. This model also includes a fixed lightweight rear spoiler in CFRP and other weight-saving body elements to support its off-road capability and performance focus.

Comfort and Multimedia:

The interior features Porsche Communication Management (PCM) with integrated navigation, smartphone compatibility (Apple CarPlay and Android Auto), and digital radio. Audio is handled by a **BOSE Surround Sound System**, offering immersive clarity. The cabin is equipped with two USB-C ports, automatic two-zone climate control, illuminated vanity mirrors, and the Porsche Light Design Package for a refined user experience.

Interior and Seats:

This 911 Dakar comes with a **black full leather interior** enhanced by the **Interior Package in Race-Tex** and **dashboard trim in leather**, giving it a purposeful yet luxurious feel. It features **full bucket seats**, a Race-Tex steering wheel and headliner, and unique **seat belts in Guards Red** (added extra). Other exclusive touches include **optional stitching**, **Sport Chrono stopwatch in Guards Red**, and a **bespoke vehicle key painted with a leather key pouch** (added extras). The Sport steering wheel with dark chrome bezel and red marker, aluminium PDK gear selector, and carbon accents throughout give the interior a focused and motorsport-inspired character.

Exterior:

Finished in **Carrara White Metallic**, the 911 Dakar stands out with **23-inch Pelope alloy wheels in diamond-finished Shiny Black with titanium bolts**, a **bonnet in visible carbon fibre**, and a **full exterior package in shiny carbon fibre** (added extras). Additional elements include **Decorative Adhesive Set - Rallye 1978, 911 Dakar LED logo door courtesy lights**, roof electrification with external power connection, and a fixed front apron and rear apron in stainless steel. Privacy glass, lightweight carbon components, and a clear LED taillight strip complete its aggressive and purposeful styling.
