

Porsche Cayenne Coupe , 2024

Porsche Cayenne Coupé GTS - 11/2024

Exterior:

The **2024 Porsche Cayenne Coupé GTS** delivers an unmistakable blend of sportiness and elegance, highlighted by its dynamic coupé roofline and aggressive GTS styling. The front features a prominent blacked-out grille, large air intakes, and sleek LED Matrix headlights with automatic high beams. From the side, its muscular stance is accentuated by 21-inch RS Spyder Design wheels, a sloping roofline, and Shadowline trim. At the rear, an active spoiler, quad black exhaust outlets, and Y-shaped LED taillights complete the athletic look.

Performance and Efficiency:

Powered by a **4.0-liter twin-turbocharged V8 engine**, the Cayenne GTS produces **500 hp (368 kW)** and **660 Nm of torque**, paired with an **8-speed Tiptronic S automatic transmission** and Porsche's all-wheel-drive system. The supercharged engine and air suspension ensure a perfect balance of power, control, and comfort. Adaptive air suspension with GTS-specific tuning and traction control provide confidence in all conditions, while the idling stop system improves efficiency during urban driving.

Interior and Features:

Inside, the GTS offers a premium yet sporty cabin. Alcantara and leather upholstery with GTS badging, supportive sport seats, and dark brushed aluminum accents create an engaging environment. A **12.3-inch PCM infotainment system** with **Apple CarPlay and Android Auto**, a memory-based navigation system, and a multi-zone climate control ensure passenger comfort and convenience. Music and media are seamlessly integrated via multiple connection options, and the vehicle also comes equipped with a dash cam for added security.

Technology and Safety:

Equipped with an extensive suite of driver-assistance systems, the Cayenne GTS includes **adaptive cruise control, lane keeping assist, blind spot monitoring with rear cross-traffic alert**, and **collision mitigation braking**. Surround and all-around cameras, along with front/side/rear cameras and obstacle sensors, aid maneuvering in tight spaces. Additional features such as anti-theft devices, skid prevention (traction control), automatic high beams, and airbags for driver, passenger, sides, and curtains enhance safety.
