Porsche Cayenne , 2024

Porsche Cayenne 2024

Safety Equipment: The vehicle is equipped with **Lane Change Assist**, which enhances safety by monitoring blind spots and providing warnings when changing lanes. The **adaptive air suspension with Porsche Active Suspension Management (PASM)** improves stability and handling, ensuring a controlled ride in various driving conditions.

Comfort Equipment: The **front comfort seats feature 14-way electric adjustment with a memory package**, offering maximum support and personalized comfort. **Heated front and rear seats** enhance warmth during colder conditions, while the **heated multifunction steering wheel with shift paddles** adds an extra layer of convenience. The **BOSE Surround Sound System** delivers a premium audio experience, ensuring high-quality sound throughout the cabin.

Interior: The vehicle features a **black full leather interior**, adding to the luxurious feel. The **Porsche crest is embossed on the headrests**, reflecting the brand's signature craftsmanship. The **2+1 rear seat system** provides flexible seating arrangements. Additional refinements include **electric comfort seats with 14-way adjustment, a multifunction heated steering wheel with shift paddles, and a premium interior lighting system**.

Exterior: The **Quarzite Grey Metallic exterior** gives the vehicle a bold and sophisticated look. The **22-inch RS Spyder Design alloy wheels with wheel arch extensions in the exterior color** enhance the sporty stance. The **Extended Exterior Pack in Black**, **door handles painted in high-gloss black**, and **sports tailpipes in dark finish** contribute to the vehicle's aggressive styling. **Privacy glass** further enhances the premium and exclusive feel.

Performance: The **adaptive air suspension, including PASM**, ensures a smooth and dynamic ride, adjusting to various driving conditions. **Sports tailpipes in dark finish** add to the vehicle's sporty sound profile, complementing its performance-oriented design.

Technology and Multimedia: The vehicle is equipped with a **head-up display**, providing essential driving information directly in the driver's line of sight. The **BOSE Surround Sound System** ensures an immersive audio experience, enhancing the luxury driving experience.

Driver Assistance Systems: The **Lane Change Assist system**, combined with the **adaptive air suspension**, improves both safety and driving confidence, particularly in highway conditions.

Specifications:

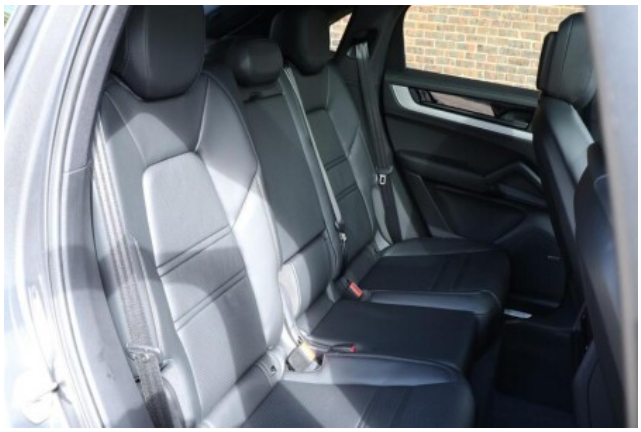

ID: UGP-242
Final Price: 135000.00 EUR
