

Porsche Macan , 2022

Porsche Macan GTS PDK 4WD - 09/2022

General Overview:

The 2022 Porsche Macan GTS represents the top-tier performance model in the Macan lineup, delivering a perfect blend of athletic power, premium comfort, and everyday practicality. Finished in the striking **Carmine Red (MC3)** exterior color, this GTS trim includes the desirable Sport Chrono Package, a panoramic sunroof, and a full leather interior, emphasizing both dynamic character and refined luxury.

Performance and Handling:

Powering the Macan GTS is a **2.9-liter** twin-turbocharged V6 engine delivering an impressive **434 horsepower** and 550 Nm of torque. Mated to Porsche's 7-speed PDK dual-clutch transmission and an all-wheel-drive system, the SUV accelerates from 0 to 100 km/h in just 4.1 seconds when paired with the Sport Chrono Package. Standard **Porsche Active Suspension Management (PASM)** with sport tuning ensures agile, responsive handling while maintaining high ride comfort.

Interior and Features:

Inside, the cabin is finished in premium leather upholstery with GTS-specific design details. The panoramic sunroof enhances the sense of openness and brightness. Comfort features include heated and ventilated front seats, a multifunction GT Sport steering wheel, and a three-zone climate control system. A 10.9-inch touchscreen infotainment system offers integrated navigation, Apple CarPlay compatibility, and intuitive controls for entertainment and vehicle functions.

Exterior Design:

The bold Carmine Red paint is offset by high-gloss black exterior elements, including window trim, mirrors, and side blades, reinforcing the vehicle's sporty stance. Signature GTS styling elements such as a blacked-out rear diffuser, dark LED taillights, and 21-inch alloy wheels complete the aggressive look. LED headlights with PDLS+ provide adaptive lighting for enhanced nighttime visibility and safety.

Safety and Assistance Systems:

Equipped with a full suite of driver assistance features, the Macan GTS includes adaptive cruise control, lane departure warning, front and rear ParkAssist with visual and acoustic alerts, and a rearview camera. These systems offer peace of mind whether you're in tight city traffic or cruising on the highway.
