Subaru BRZ , 2023

Subaru BRZ 2.4 R 6MT – 04/2023

Exterior
This Subaru BRZ is finished in **Pearl White**, highlighting the sleek and dynamic coupe design. The compact **2-door body** with its low stance emphasizes the car’s sporty personality. Aggressive headlight styling and distinctive **17-inch alloy wheels** complete the look of this authentic Japanese sports car.

Performance and Driving Dynamics
The BRZ is powered by a **2.4-liter flat-4 Boxer engine**, paired with a **6-speed manual transmission** and **rear-wheel drive**. Producing around **232 hp** and **250 Nm of torque**, it delivers an engaging and driver-focused experience. Thanks to its **low center of gravity** and well-balanced chassis, the BRZ offers sharp handling and thrilling performance, making it a true enthusiast’s coupe.

Interior and Comfort
Inside, the cabin is designed with a sporty focus: **supportive bucket-style seats**, ergonomic controls, and modern trim materials. Equipment includes an **infotainment system with navigation**, **cruise control**, and convenient features for daily use. The BRZ seats **four occupants**, with rear seats suitable for short trips or folding down for additional practicality.

Technology and Safety
The Subaru BRZ comes equipped with essential safety systems, including **airbags**, **ABS**, and **stability control**. Additional features include a rear camera, parking sensors, and multimedia connectivity options. The BRZ focuses on lightweight design, balance, and pure driving dynamics, offering technology only where it enhances the driver’s connection with the road.
