Subaru Forester , 2023

Subaru Forester 2.0 Advance e-BOXER Hybrid – 04/2023

General Overview
The **Subaru Forester 2.0 Advance e-BOXER** is a modern SUV that brings together Subaru’s legendary all-wheel-drive performance with the efficiency of hybrid technology. Finished in a refined style, it delivers versatility, comfort, and safety, making it a perfect choice for both city and outdoor adventures.

Performance and Driving Dynamics
Equipped with a **2.0-liter e-BOXER hybrid engine**, the Forester combines a **145-hp petrol engine** with an **electric motor producing 13.6 hp**, for a total system output of around **156 horsepower**. The hybrid system enhances fuel economy while maintaining smooth acceleration. Paired with a **CVT transmission** and Subaru’s **Symmetrical AWD**, the Forester provides stable handling, confident grip, and dependable performance across all road conditions.

Exterior Design
The Forester features bold SUV styling with rugged proportions, sleek headlights, and a practical body design. Distinctive accents and LED lighting enhance its presence, while its elevated stance provides excellent ground clearance for light off-road driving.

Interior and Comfort
Inside, the cabin emphasizes space and functionality, with high-quality materials and thoughtful ergonomics. Features include **leather seats**, **power-adjustable seating**, **heated seats**, and a **smart key system**. The interior balances everyday practicality with premium comfort, ensuring a pleasant driving experience.

Technology and Safety
This Forester is equipped with Subaru’s advanced **EyeSight driver-assist system**, offering **collision mitigation braking**, **adaptive cruise control**, **lane keep assist**, and **obstacle sensors**. Additional safety is provided by multiple airbags, a **rearview camera**, and **anti-theft devices**.
