

Toyota Supra , 2021

Toyota Supra SZ-R 2.0L Turbo - 08/2021

General Overview

The **Toyota Supra SZ-R** is a dynamic 2-seater sports coupe that embodies pure driving excitement and Japanese engineering precision. This particular model, finished in sleek **black**, delivers a striking road presence with an aggressive stance, making it a standout choice for enthusiasts seeking style and performance.

Performance and Driving Dynamics

Powered by a **2.0-liter turbocharged petrol engine producing 258 horsepower**, the Supra SZ-R provides thrilling acceleration and engaging handling. Paired with an **automatic transmission (AT)** and rear-wheel drive (RWD), it offers a balanced driving experience, blending agility with everyday usability. Equipped with HKS muffler upgrades, the sound and performance are enhanced for an even sportier feel.

Interior and Comfort

The cabin is built around the driver, emphasizing sportiness and comfort. It features **premium seats**, an infotainment system with navigation, and modern connectivity. The compact yet ergonomic layout enhances the driving experience, while the black interior adds a sophisticated touch.

Technology and Features

This model comes equipped with **JBL premium audio**, a **head-up display**, and a **multimedia system with TV and navigation functions**. Safety features include ABS, airbags, and stability systems, ensuring confidence on the road.

Exterior

With its bold proportions, aerodynamic curves, and stylish lines, the Supra SZ-R represents Toyota's modern sports car design language. The black finish highlights its muscular look, while precise detailing completes the aggressive yet refined aesthetic.
