

Toyota Harrier , 2024

Toyota Harrier Hybrid G - 11/2024

General Overview

The **Toyota Harrier Hybrid G (2024)** is a refined and stylish midsize SUV that perfectly blends advanced hybrid technology with premium comfort and elegant design. Powered by Toyota's latest hybrid system, it delivers smooth, quiet, and confident performance while maintaining exceptional fuel efficiency. Finished in an elegant exterior and built with meticulous craftsmanship, the Harrier represents sophistication and reliability for modern drivers.

Performance and Efficiency

Under the hood, the Harrier Hybrid G features a **2.5-liter petrol engine** paired with an advanced electric motor, producing a **combined output of 298 horsepower**. The hybrid powertrain ensures responsive acceleration, effortless cruising, and outstanding efficiency. Its refined suspension and precise steering deliver a balanced driving experience, whether navigating city streets or traveling long distances.

Interior and Comfort

The interior of the Harrier Hybrid G emphasizes luxury and convenience, offering **premium materials, comfortable seating**, and **advanced technology** throughout the cabin. With intuitive controls, a modern infotainment system, and a quiet hybrid operation, every trip feels relaxed and enjoyable. Generous cabin space and a smooth, quiet ride elevate comfort for both driver and passengers.

Ownership and Warranty

The price includes a **full inspection at our certified service center, the first service free of charge**, and a **warranty on the engine and gearbox**. It also covers **registration under the first owner's name in Cyprus, number plates**, and **road tax valid until the end of the year**.
