

Toyota Supra , 2024

Toyota Supra SZ 2.0L Turbo - 06/2024

General Overview

The **Toyota Supra SZ** is a 2-seater sports coupe that embodies a balance of everyday usability and performance. This 2024 model showcases sleek styling, advanced technology, and a driver-focused layout.

Performance and Driving Dynamics

Equipped with a **2.0-liter turbocharged petrol engine producing 197 horsepower**, paired with an automatic transmission and rear-wheel drive, the Supra SZ delivers smooth acceleration, responsive handling, and engaging dynamics. Its lightweight construction and precise steering enhance both city driving and spirited runs.

Interior and Comfort

Inside, the Supra offers a premium, performance-oriented cabin with **paddle shifters**, push-start ignition, and smart key access. Ergonomically designed seats and refined materials ensure comfort for both driver and passenger.

Technology and Safety

Key driver-assist and safety features include **adaptive radar cruise control, lane departure warning, blind-spot monitoring, corner sensors, and a rear-view camera**. The vehicle also features **LED adaptive headlights with automatic high beam**, providing enhanced visibility in all driving conditions.

Exterior

The Supra's exterior design is bold and aerodynamic, highlighted by muscular lines, dual exhaust outlets, and modern LED lighting, creating a striking and sporty presence on the road.
