## Toyota RAV4 2.5 Hybrid X 4WD - 09/2021

### Exterior:

The **2021 Toyota RAV4 Hybrid X** features a bold and practical SUV design with angular lines and a wide stance. This model includes LED headlights, a silver-painted front grille, body-colored bumpers, and silver roof rails. Riding on 17-inch alloy wheels, it presents a modern and rugged look ideal for both city and off-road use. The 4WD system enhances traction and stability in various weather and terrain conditions.

### Performance and Efficiency:

Powered by a **2.5-liter 4-cylinder hybrid system**, the RAV4 Hybrid X delivers a combined output of **218 horsepower** (for 4WD models) via Toyota's **E-Four electronic all-wheel-drive** system. The powertrain consists of a petrol engine and electric motor working together for smooth, efficient driving. It uses an **e-CVT (electronically controlled continuously variable transmission)** and offers excellent fuel economy, averaging around **4.7-5.0 L/100 km (WLTC)**, depending on driving conditions.

### Interior and Features:

The cabin offers seating for **5 passengers**, with high-quality materials and functional layout. Standard features include dual-zone climate control, a touchscreen infotainment system with navigation, Bluetooth, a rearview camera, and a multifunction steering wheel. The Hybrid X trim comes with **fabric seats, smart key entry and start**, and a **multi-information display** with hybrid power flow and fuel efficiency readouts.

### Technology and Safety:

Safety features include **Toyota Safety Sense**, which provides adaptive cruise control, lane keeping assist, automatic high beams, and pre-collision braking with pedestrian detection. Additional features such as **blind spot monitoring, rear cross-traffic alert, parking sensors**, and a **back-up camera** enhance convenience and safety. With its hybrid system and 4WD capability, this model is designed for reliable performance and long-term efficiency in varied driving conditions.
