Toyota Crown , 2024

Toyota Crown Crossover 2.5 G Advanced Leather Package E-Four 4WD - 03/2024

General Overview:
The 2024 Toyota Crown Crossover 2.5 G Advanced Leather Package E-Four, with the Modellista Aero/Genuine package and a 12.3-inch navigation screen, is a premium hybrid crossover that combines elegant design, high performance, and advanced technology. The model, released in March 2024, features an exclusive aerodynamic body kit from Modellista, giving the vehicle a dynamic and refined appearance.

Performance and Hybrid Efficiency:
Under the hood, there is a **2.5-liter four-cylinder gasoline engine**, paired with Toyota's hybrid system and two electric motors. The total system output is **249 horsepower**, transmitted through the **E-Four (electric all-wheel drive)** system, ensuring excellent traction and stability. The electronic CVT guarantees smooth acceleration and efficiency. Despite its power, the Crown Crossover delivers impressive fuel economy — **4.5 liters per 100 kilometers** in mixed WLTC conditions.

Interior and Features:
The interior is crafted from premium materials, such as **semi-aniline leather**, and the seats are equipped with heating and ventilation functions. The **12.3-inch touchscreen infotainment system** supports CD/DVD playback, Bluetooth, and navigation. The digital instrument cluster and adjustable seats create a premium atmosphere, while **ambient lighting** and a **digital rearview mirror** add a modern touch.

Safety and Driver Assistance:
The model is equipped with **Toyota Safety Sense**, including **adaptive cruise control**, **lane tracing assist**, **pre-collision system with pedestrian detection**, **blind spot monitoring (BSM)**, and **rear cross-traffic alert**. The **360-degree panoramic view monitor** and **automatic high beam control** make maneuvering and parking convenient and safe.

Exterior Design:
The Crown Crossover stands out with its bold front fascia, wide grille, and signature LED lighting. The Pearl finish and chrome details give the vehicle a premium look, while **alloy wheels** and a **high ground clearance** provide both visual strength and practicality for urban and off-road conditions.
