Overview

The **Volkswagen Golf 2.0 TDI R-Line 03/2025** combines sporty European design with efficient diesel performance and advanced driver assistance technologies. %READMORE% Finished in a striking red exterior and enhanced with the R-Line styling package, this Golf delivers a dynamic driving experience with premium comfort and practicality.

Performance & Efficiency

Powered by a robust 2.0-liter TDI diesel engine paired with a smooth 7-speed DSG transmission, the Golf offers strong torque, excellent fuel efficiency, and refined highway cruising. The front-wheel-drive layout ensures responsive handling and everyday usability.

Interior & Comfort

The cabin features premium leather seats with heating and ventilation, along with a power-adjustable driver's seat for optimal comfort. The smart key system, advanced infotainment with Apple CarPlay and Android Auto, and a driver-focused layout create a modern and convenient driving environment.

Technology & Safety

Equipped with Volkswagen's advanced safety suite, including Travel Assist, Adaptive Cruise Control, Lane Keep Assist, Blind Spot Monitoring with Rear Traffic Alert, Collision Mitigation Braking, and parking assistance systems. The Head-Up Display and digital technologies enhance driver awareness and safety.

Exterior

The R-Line package adds sporty styling elements, complemented by IQ.Light LED headlights and stylish alloy wheels. The bold red finish emphasizes the vehicle's athletic character and modern appeal.
