Volkswagen T-Roc , 2022

Volkswagen T-Roc 2.0 TDI R-Line – 02/2022

Exterior:
The **2022 Volkswagen T-Roc 2.0 TDI R-Line** is a compact crossover that blends sportiness with everyday practicality. The **R-Line** trim adds more aggressive bumpers, a signature black grille with chrome accents, large air intakes, and **LED headlights** with daytime running lights. Strong character lines, flared wheel arches, **19-inch alloy wheels**, and glossy black details emphasize its dynamic personality. Roof rails and a rear spoiler complete the stylish, athletic look.

Performance and Efficiency:
Powered by a **2.0-liter turbocharged diesel engine**, the T-Roc R-Line delivers **150 hp (110 kW)** and 360 Nm of torque. The engine is paired with a 7-speed automatic transmission, ensuring reliable traction in all conditions. Average fuel consumption is about 5.2–5.6 L/100 km, making it efficient and well-suited for both city and highway driving.

Interior and Features:
The cabin is designed with R-Line sportiness in mind, featuring premium materials, contrast stitching, and aluminum trim. Sport seats with enhanced bolstering, an R-Line leather-wrapped multifunction steering wheel, and a digital cockpit create a driver-focused environment. The center console houses a touchscreen infotainment system with **Apple CarPlay**, **Android Auto**, navigation, and voice control. Other standard features include dual-zone climate control, heated seats, keyless entry, and a panoramic sunroof.

Technology and Safety:
The T-Roc R-Line comes equipped with a suite of advanced driver-assistance systems, including adaptive cruise control, lane keep assist, blind spot monitoring, autonomous emergency braking, a rearview camera, and all-around parking sensors. Additional features such as driver fatigue detection, hill descent control, and traction control further enhance safety and confidence behind the wheel.
