Overview

The **Volvo C40 69 kWh Recharge Pure Electric Ultimate 07/2023** is a fully electric premium SUV Coupe that combines Scandinavian design, advanced safety, and sustainable performance. %READMORE% Finished in elegant Sage Green and equipped with Google built-in services, this Ultimate specification delivers seamless connectivity, refined comfort, and zero-emission driving.

Driving Performance

Powered by a 69 kWh battery and a responsive single electric motor, the C40 Recharge offers smooth, silent acceleration and immediate torque delivery. The low center of gravity enhances stability and handling, while regenerative braking improves efficiency and driving control. Designed for both urban commuting and long-distance travel, it provides a balanced and confident electric driving experience.

Interior and Comfort

The cabin reflects Volvo's minimalist Scandinavian philosophy, offering high-quality materials and a clean, modern layout. Electrically adjustable seats with heating ensure comfort in all seasons, while the advanced Google-integrated infotainment system provides intuitive voice control and navigation. The spacious five-seat layout and practical cargo area make it suitable for daily use and family trips.

Technology and Safety

Volvo's advanced safety systems include Full-Speed Adaptive Cruise Control, Lane Keep Assist, Collision Mitigation Braking, Blind Spot Monitoring, and a 360° surround-

view camera. Google Maps and Google Assistant are fully integrated into the system, allowing real-time navigation and voice commands. A genuine dashcam adds extra peace of mind.

Exterior

The coupe-style silhouette gives the C40 a dynamic and modern appearance. The Sage Green finish highlights its distinctive Scandinavian character, while adaptive LED headlights and aerodynamic lines enhance both style and efficiency. Aluminum wheels complete the refined yet sporty design.
